Ideasforward wants to give young creative people from around the world the opportunity to express their views on the future of societies through their innovative and visionary proposals.

We are an experimental platform seeking progressive ideas that reflect on emerging themes. The eco design, sustainable architecture, new materials, concepts and technologies are compelling issues in the societies of the future and the involvement of the whole community is imperative. In an era of globalization where communication was dominated by the technological revolution, there is the need to rethink the cities and how Man relates in a global World as well as rethink the economic, social and cultural patterns of contemporary societies.

The young creatives and thinkers are a precious commodity that we value a lot and so we want to give them a voice.

AIM OF THE COMPETITION - 24H

A space where the time limit is used to stimulate your creativity.

This competition proposes give responses in 24H to the social problems, future visions, climate changes, humanitarian causes and sociologic problems of the contemporary societies.

Commitment, perseverance, inspiration and hard work are the necessary bases to develop a proposal that meets the premises that will be released regularly in the brief of the competition.

We challenge you to prove your talent in 24 hours!

There are a period of registration on the competition, when it end, started the 24H competition!

You have 24H to develop a proposal that responds to the program contained on a brief that you only know on the same day that start competition.

Take the risk!

FRAMEWORK

rawar

War: the most powerful weapon that man invented to gain strength by the power to destroy.

Wars are cold, they are black, they are first and second, they have 100 or 200 years, they win names of heroes or cities, social or civil, raw wars, but they will never cease to be wars.

Won or lost wars that leave marks on what once stood.
