International Product Design Awards

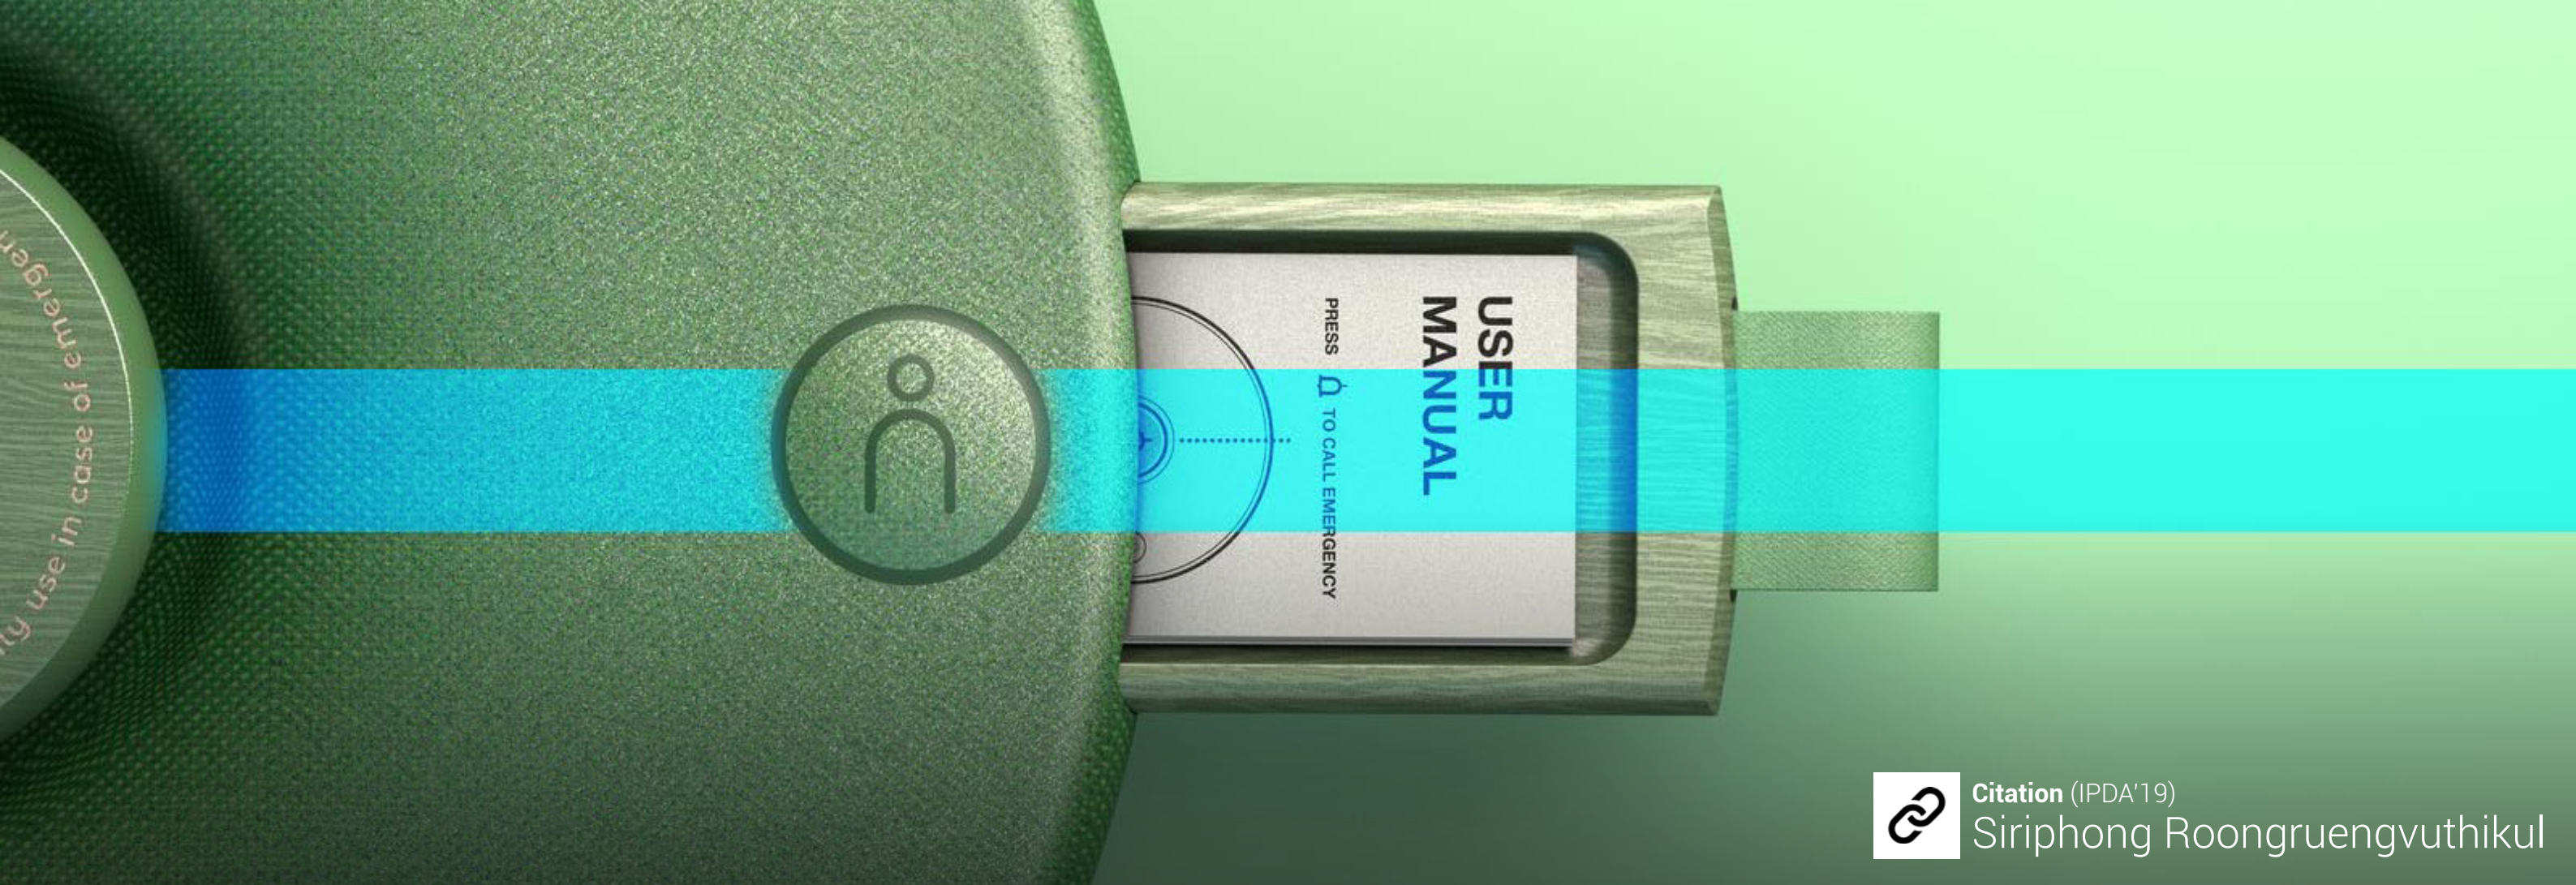

Citation (IPDA'19)
Oliver David Krieg

Premise

Welcome to the 2nd edition of International Product Design Awards.

A great product is one that can change our lifestyle and make our life simpler at the same time. It takes a particular set of skills to be creative yet sensitive, adds beauty to function, bring innovation to the daily, and for that we honor the best product designs in the industry.

We're inviting designers from every corner of the world to celebrate design and recognize design vocabulary that exceeds today and leaps further.

Citation (IPDA'19)
Siriphong Roongruengvuthikul

Intent

UNI International Product Design Awards has been created to recognize and celebrate outstanding product and industrial designs that represent the highest level of creative originality and design excellence.

We recognize the best that designers can offer to the world & honor the ones that truly impact our lives for the better.

We are inviting product designers and industrial designers across the globe to participate, where their entries which will be judged for design innovation, technical advancements, value, environmental responsibility, aesthetics, need and usage.

Citation (IPDA'19)
Tony Elkington

Eligibility

1. Participants from all geographical regions are eligible. Open to participants of all backgrounds, including design students and professionals.
2. The project should be of industrial design/product design nature only. The entered projects can be concept as well as realized.
3. Participation is on individual basis only. Organizations/studios may participate however, certificate/awards will be issued to a single contact person / Team members registering for the award. One individual can submit multiple projects (separate entry for each) in multiple categories.
4. Entries must be original works of the entrant/studio/organization, who will be recognized as the sole designer of the said entries throughout the course of the competition.
5. You can enter in more than one categories for the awards, however the entry has to be submitted separately. Only designs conceptualized/created/realized after December 2013 are eligible. Entries that infringe, breach, prejudice or violate the property, interests or rights (including but not limited to contractual rights, user rights, copyright, design rights and all other proprietary and intellectual property rights) of any third party will be disqualified. Participants shall be liable for claims by such third parties resulting from the infringement. The Organizer shall not be held responsible for any infringement.

Tags are an essential way community on Uni discovers its projects and gives clarity to our jurors about what the project is actually premised in as first hand information:

The **first tag** of your project shall be an indicator of the award:

IPDA

The **second tag** needs to specify the project type:

Concept

or

Realized

The **third tag** shall be the participating category:

For ex: Office , Urban etc,

The remaining tags you can choose on your own. The eventual tag set will look like this:

IPDA

Realized

Office

Wood

Minimal
